

IT-Home Technology Integration Certificate

Home Technology Integration (HTI) is the concept of a connecting a home environment with a central controlling device (PC or other dedicated controlling device) that is programmed or otherwise configured by the homeowner. The central device manages and controls incoming and outgoing internet access, audio/visual digital data, appliances, security, lighting, heating/cooling, and utilities of the home. Completion of the certificate prepares students for the CEA-CompTIA DHTI+ exam to obtain this industry recognized certification.

Certificate Courses

- 31-660-311
Introduction to Electricity (1 credit)
- 32-660-301
Electronic Calculations (1 credit)
- 10-150-11001
Networking Fundamentals Part A (1 credit)
- 10-150-11002
Networking Fundamentals Part B (1 credit)
- 10-150-11003
Networking Fundamentals Part C (1 credit)
- 31-401-32001
Beginning Principles of Heating Part A (1 credit)
- 31-475-30101
Carpentry I Part A (1 credit)
- 10-150-101
